

A VISION TOWARD GROWING OUR PARISH

Vision 100 is a parish based plan to grow our parish! It includes replanting, cultivating, pruning, and harvesting (or EVANGELIZATION, CHRISTIAN FORMATION, AND STEWARDSHIP OF TIME, TALENT and TREASURE) In the next 24 months, a planning team composed of the Parish Pastoral Council, finance Council, and members of the church and school will be organized to discuss ideas to make the parish more vital. This will include our efforts at encouraging participation of inactive members, welcoming new members, worship, family life, religious education, and mission outreach.

We will begin the process with a \$250,000 two-year pledge drive to sustain our current programs while we discern and refocus our direction for the future. This fund drive is ABSOLUTELY necessary because of declining and inactive church membership and the small enrollment of students in our school today.
