

# Fundraising for the Assumption of the Blessed Virgin Mary

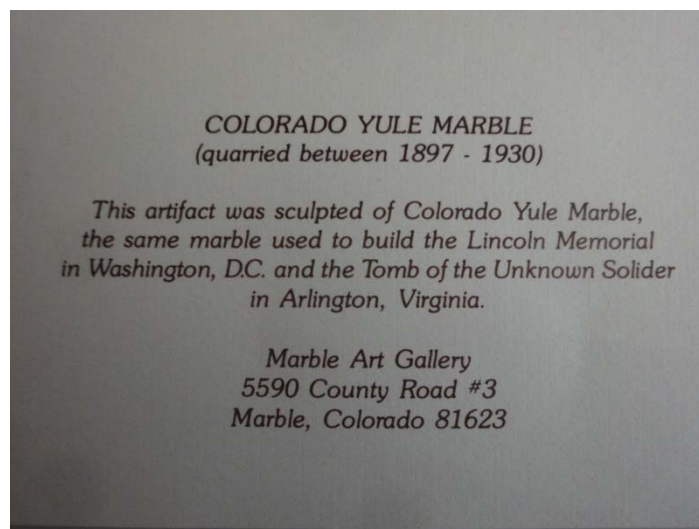

(All monies to benefit the Arts and Music Program)

Bookends donated anonymously .

These beautiful bookends are hand carved from the same pristine Colorado Yule marble used to build the Lincoln Memorial and the original Tomb of the Unknown Soldier. The columns are approximately 6 inches tall, 4 1/2 inches wide and weigh approximately 10 pounds. The column was then cut and hand polished. Cork was applied to the bottoms to prevent any scratching. A certificate of authenticity identifies each set.
